

FIXED GLAZED PANELS WITH ACOUSTIC SLIDERS

PRODUCT NAME

FIXED GLAZED PANELS WITH ACOUSTIC SLIDERS

INTEGRATED FIXED PANEL FOR A COMPLETE SOLUTION

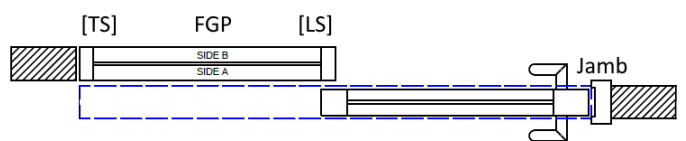

Lotus is now able to offer Fixed Glazed Panels (FGP) that are integrated within the same structural opening as an Acoustic Glass Slider to provide a complete solution for the entire opening.

Within an educational building space, our Fixed Glazed Panels can be combined with a Sliding Door to form a functional divider between two spaces.

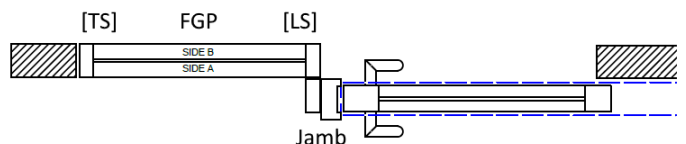

By incorporating Fixed Glazed Panels with Lotus Acoustic glass sliders, we can help you to create functional and beautiful spaces.

Three 'layouts' have been designed to integrate seamlessly with our Acoustic Glass Sliders.

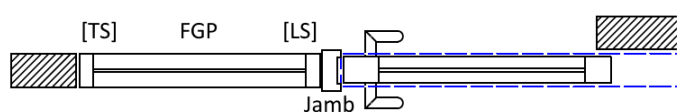

TYPE 1. OFFSET WINDOW

TYPE 2. OFFSET JAMB

TYPE 3. INLINE JAMB

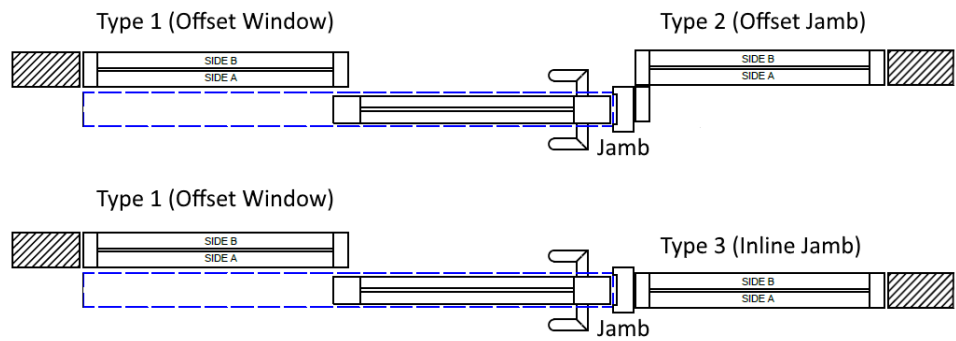

Layouts (plan view)

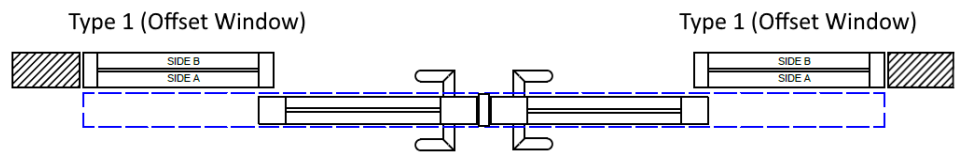

LS = Leading Stile, TS = Trailing Stile, Blue = Track

FIXED GLAZED PANELS WITH ACOUSTIC SLIDERS

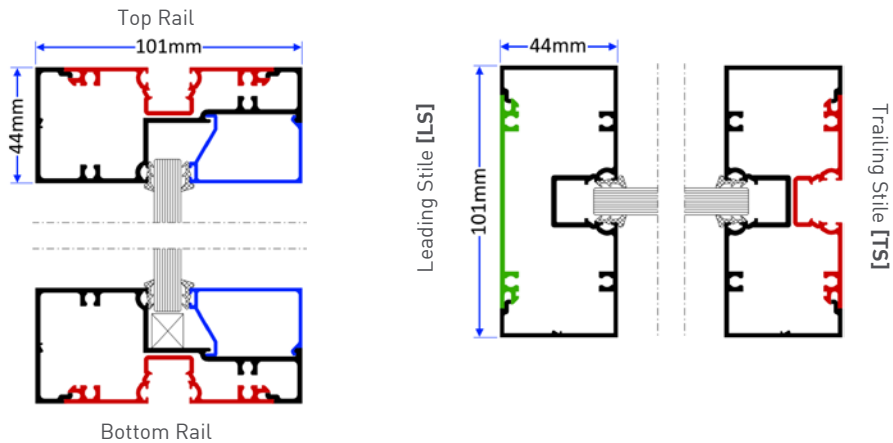

You can combine Type 1 with a Type 2 or Type 3

Or combine two Type 1's with a Bi-parting Slider
